

Lesen Peruncitan & Lesen Gas Persendirian (PGL)

Oleh:

Nor Azman bin Meli

Ketua, Unit Pelesenan Gas

Jabatan Pembangunan & Kawal Selia Gas

11 Julai 2017 | Selasa | Hotel Permai, Kuala Terengganu

Seksyen 11 & 30 Akta Bekalan Gas 1993

Seksyen 11

Tiada seorang pun boleh menjalankan apa-apa aktiviti-

- (a) pengimporatan ke terminal penggasan semula;
- (b) penggasan semula gas;
- (c) pengiriman gas;
- (d) pengangkutan gas;
- (e) pengagihan gas;
- (f) peruncitan gas; atau
- (g) penggunaan gas

melainkan orang itu dilesenkan di bawah Akta ini.

Seksyen 30(1):

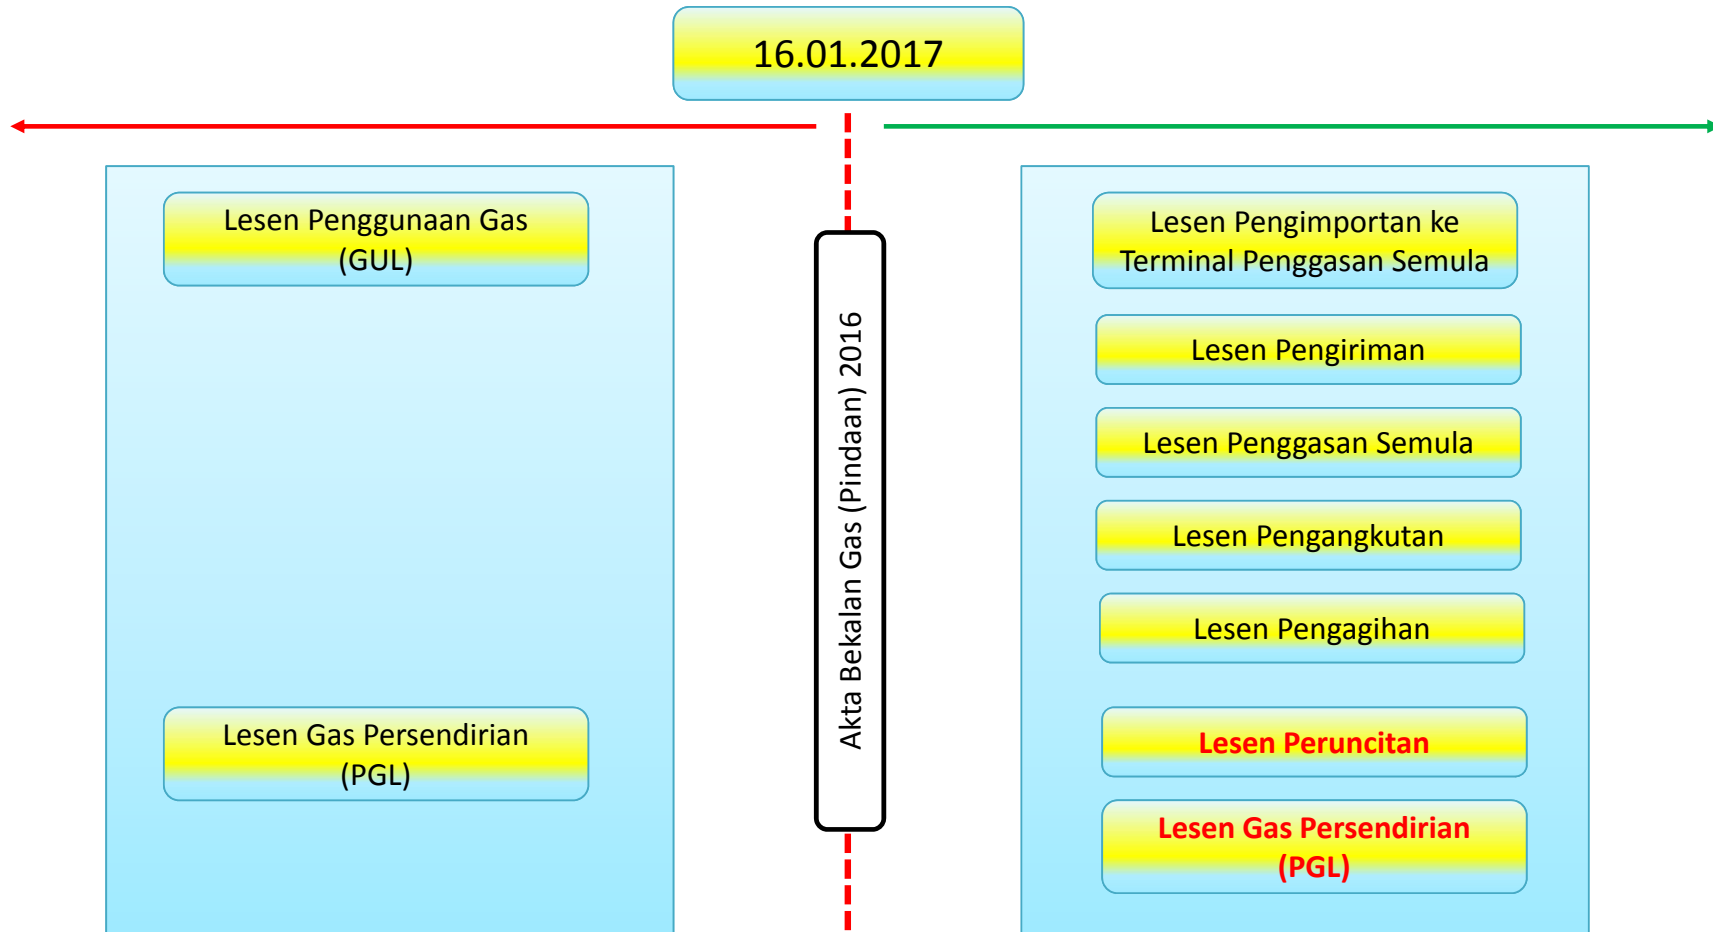

Menjalankan apa-apa aktiviti peruncitan atau penggunaan gas melalui sistem perpaipan tanpa lesen:

- denda tidak melebihi RM 100,000.00; atau
- penjara tidak melebihi 3 tahun; atau kedua-duanya; dan
- denda selanjutnya tidak melebihi RM 1,000 selepas sabitan jika kesalahan itu berterusan

Due:
15 Jan
2018

Jenis Lesen Di Bawah Akta Bekalan Gas 1993

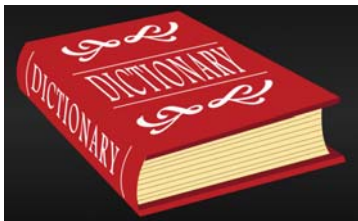

Tafsiran

Peruncitan

Peruncitan ertinya **aktiviti penjualan atau penggunaan gas** melalui **sistem perpaipan pemegang lesen peruncitan** ke premis pengguna yang mana gas sama ada-

(a) **diterima dari suatu tangki atau silider penstoran** di atas harta atau premis pemegang lesen peruncitan itu sendiri atau di atas harta atau premis pemunya atau penghuni, atau

(b) **diterima melalui talian paip pengagihan**

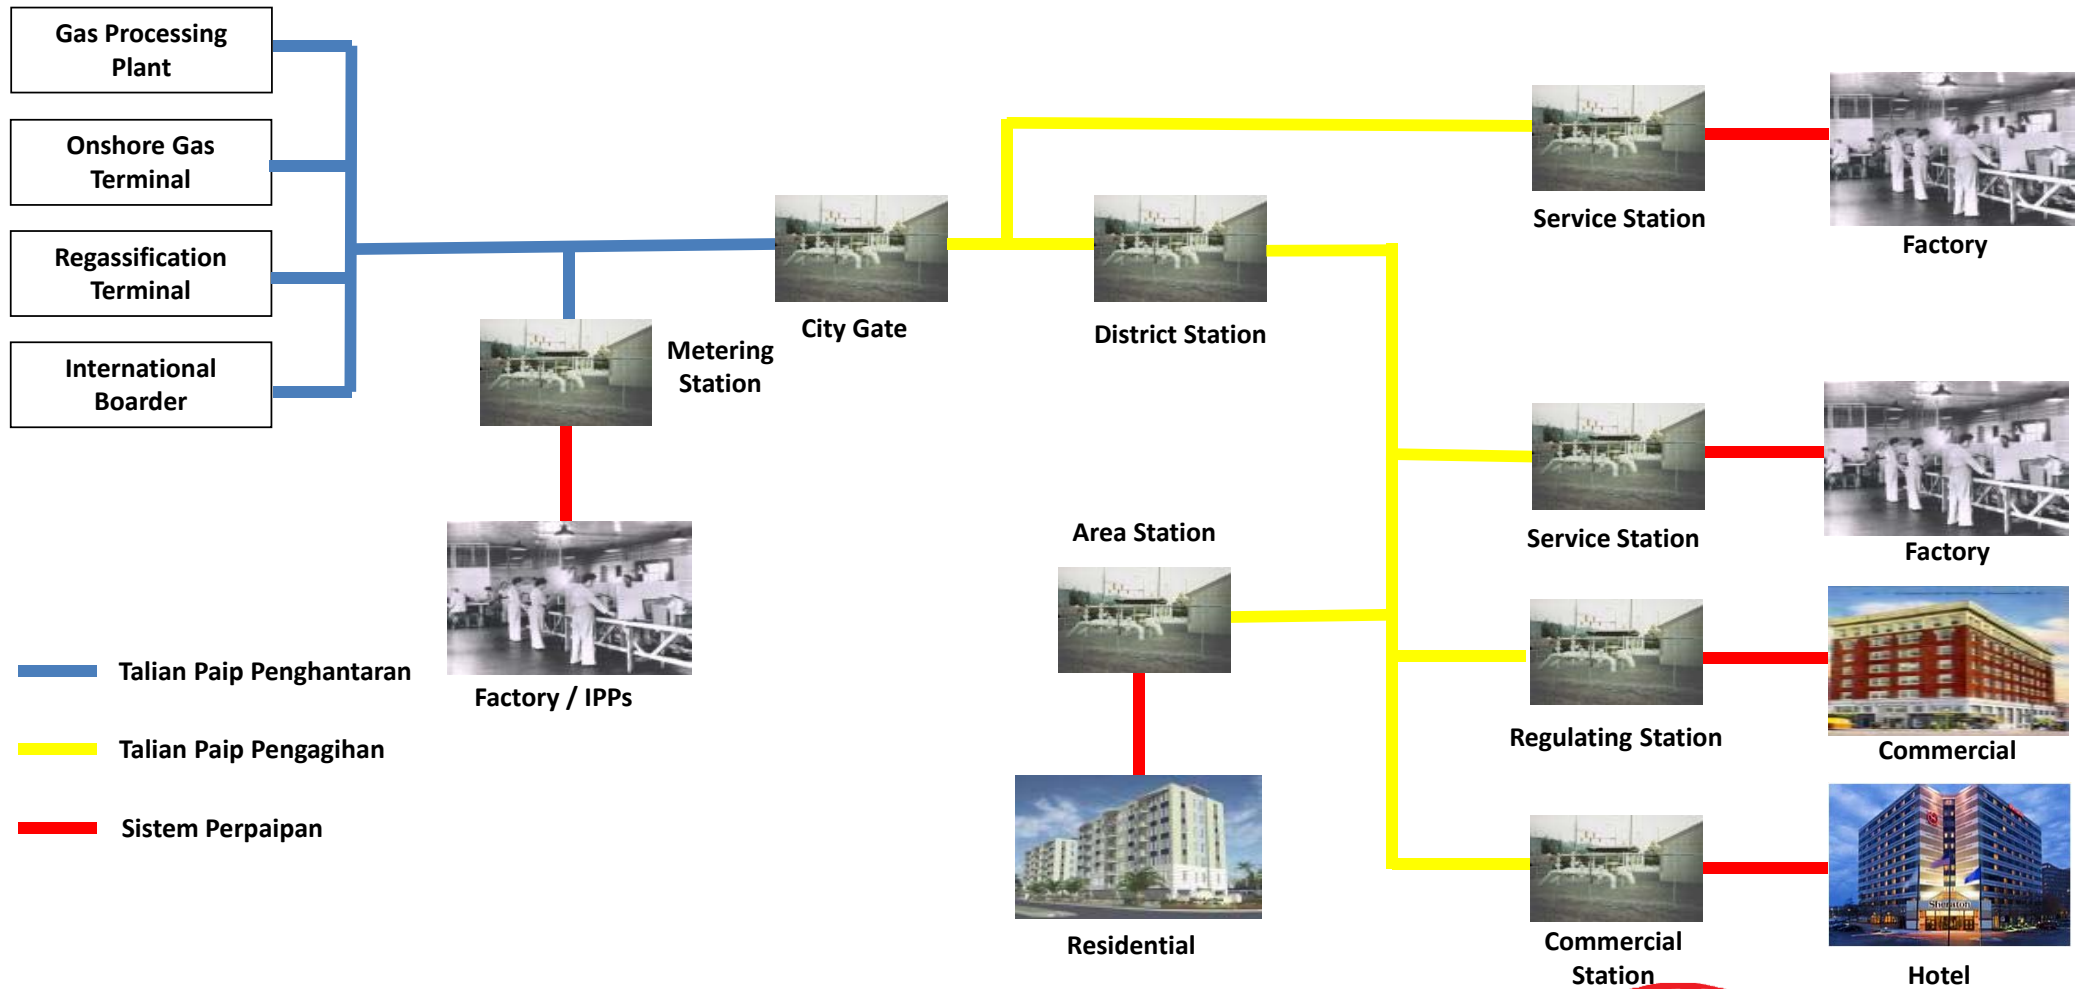

Penggunaan Gas

Aktiviti menggunakan gas sebagai pemegang lesen gas persendirian

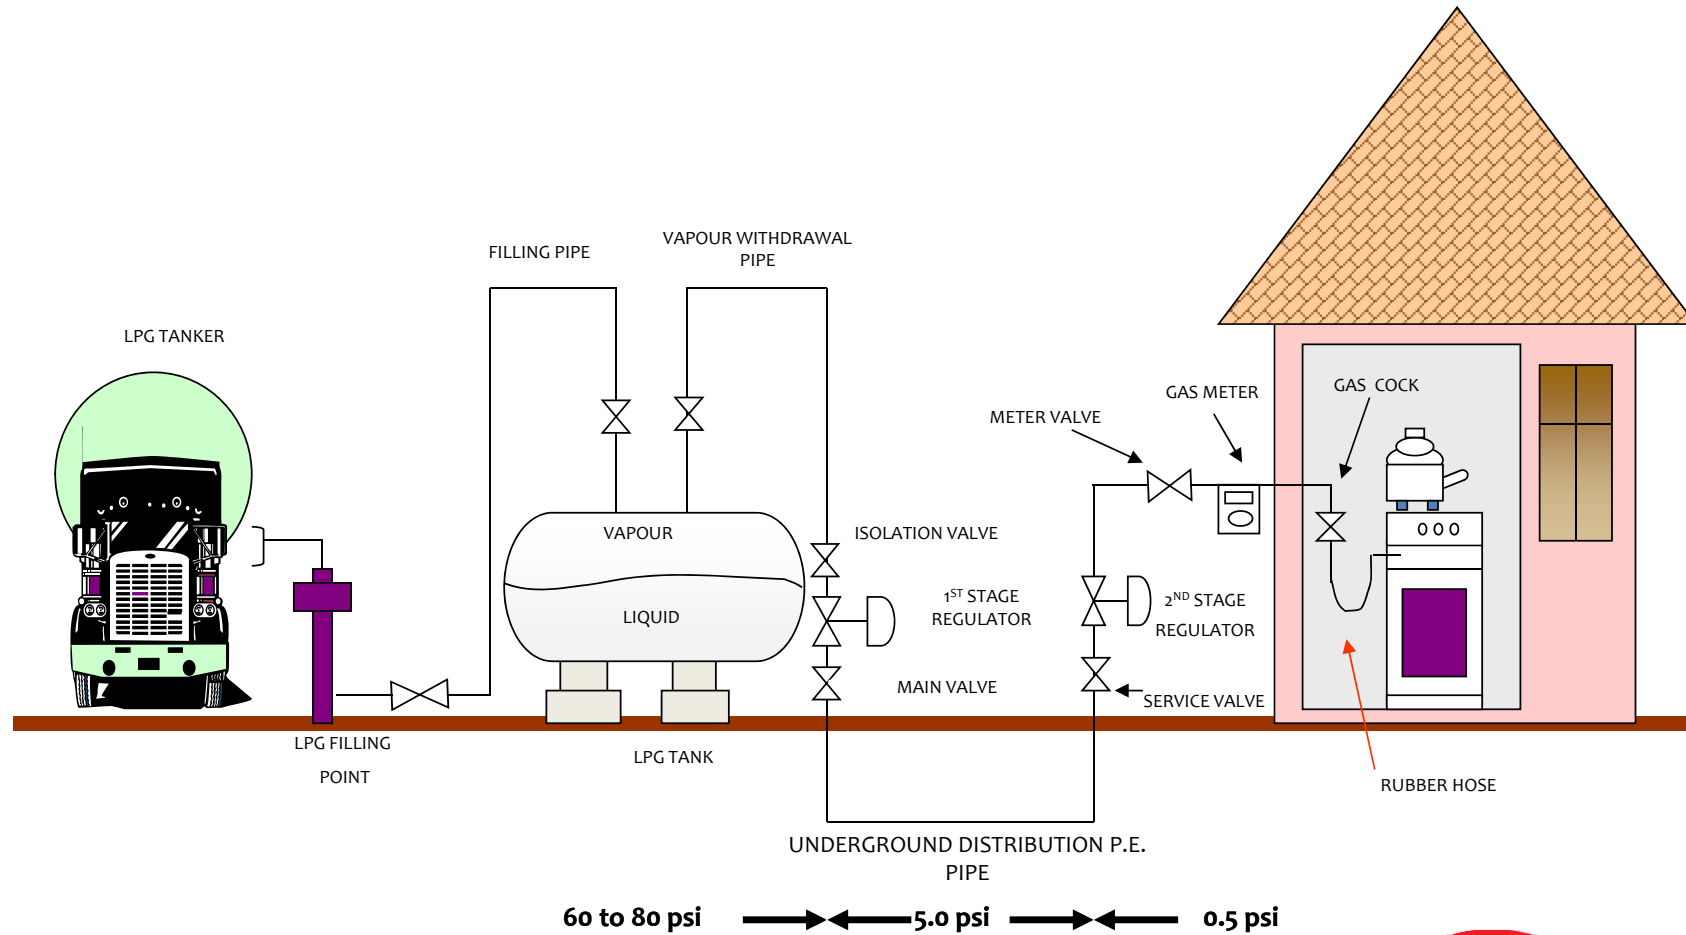

Sistem Perpaipan

Sistem perpaipan ertinya **semua bahagian kemudahan fizikal** termasuk pemasangan, yang melaluinya gas bergerak, **dari bebibir penghujung** stesen pengatur atau pemeteran yang bersambung ke talian paip pengagihan atau **dari sambungan pengisian** tangki atau silider pengstoran bagi maksud penyiratan atau penghantaran berkenaan dengan peruncitan atau penggunaan gas melalui sistem perpaipan ke apa-apa pekakas gas di dalam mana-mana premis

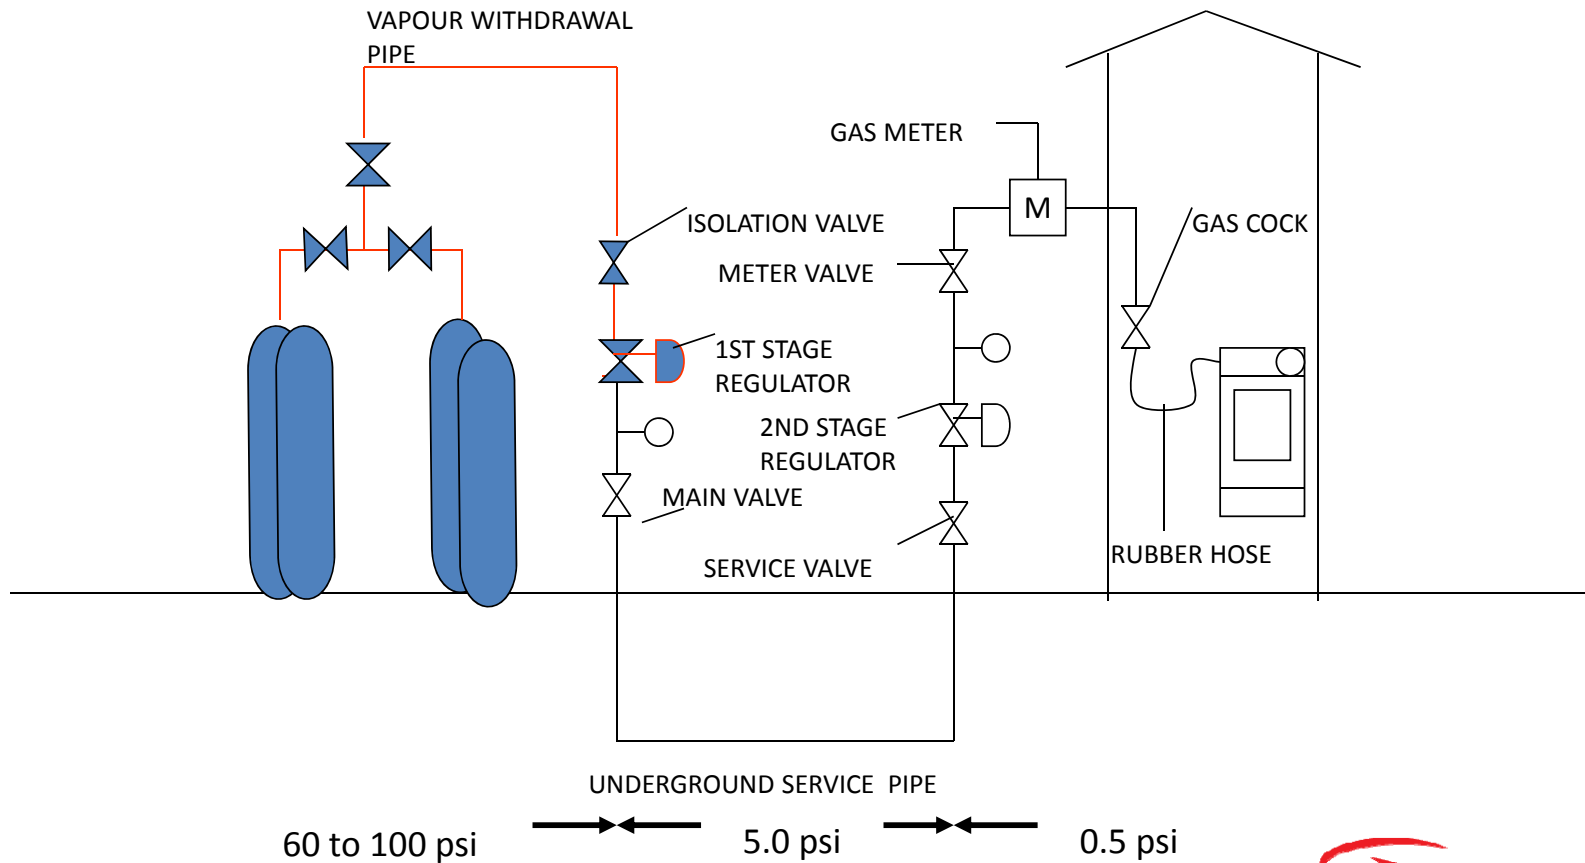

Talian Penghantaran/Talian Pengagihan/Sistem Perpaipan – Sistem Gas Asli (NG)

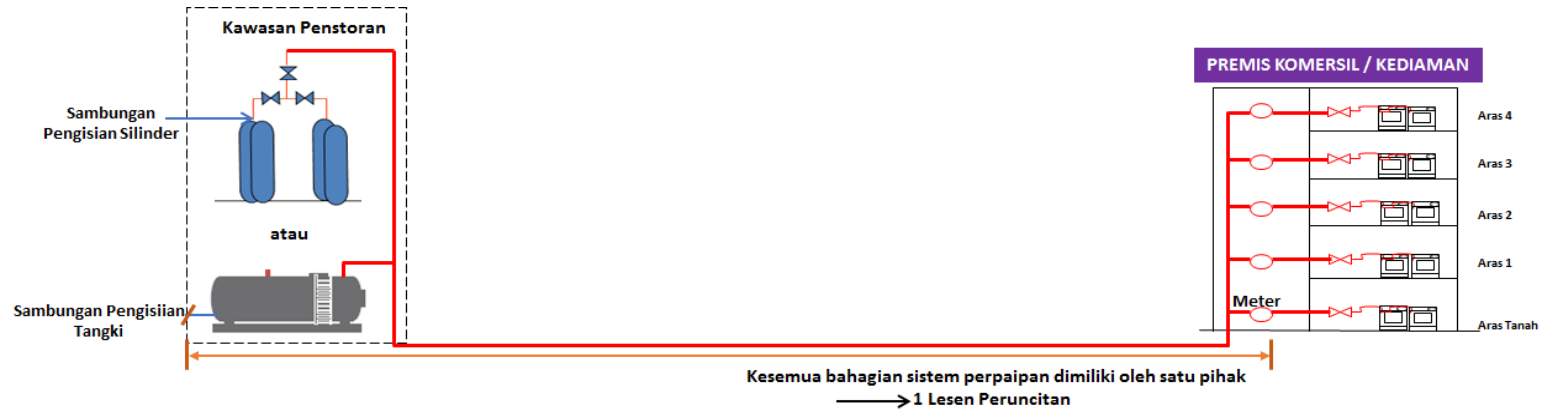

Sistem Perpaipan – Gas Petroleum Cair (LPG)

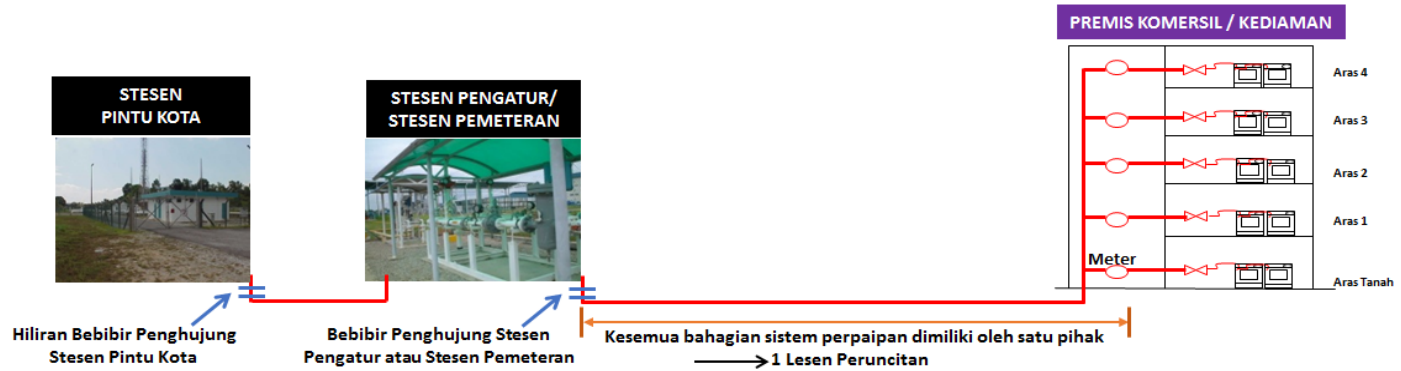

Sistem Perpaipan – Gas Petroleum Cair (LPG)

Lesen Peruncitan: Senario 1

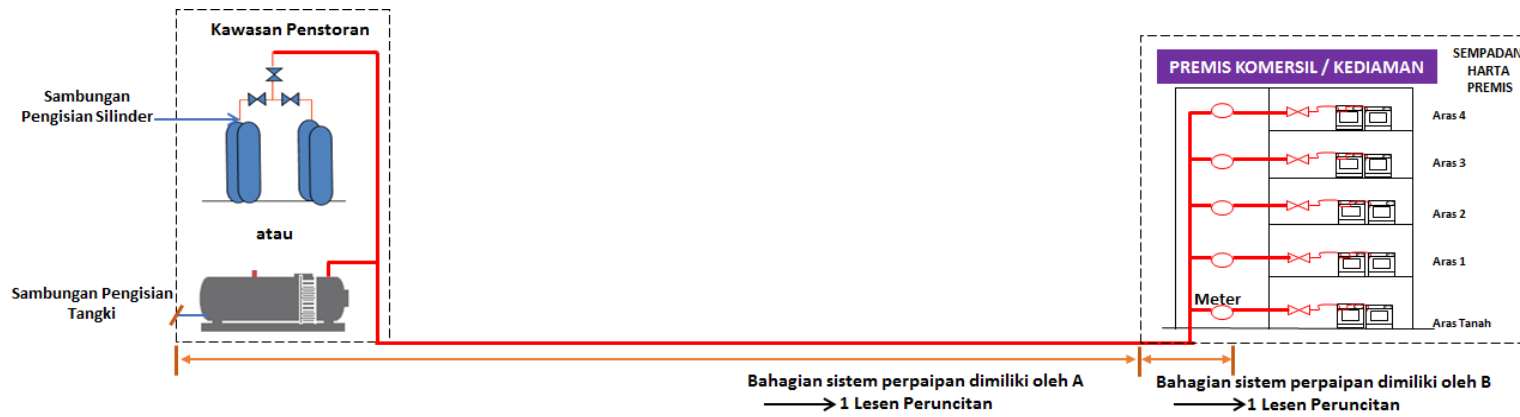

atau

Lesen Peruncitan: Senario 2

Lesen Peruncitan: Senario 3

Pengguna kepada Lesen Peruncitan

Soalan 1

Katakan Supermaket A mempunyai lesen peruncitan, adakah pengguna akhir (contohnya: McDonald, kedai makan) yang mendapatkan bekalan gas daripada Supermarket A perlu dilesenkan sebagai PGL?

Soalan 2

Katakan Syarikat ABC Sdn Bhd mempunyai lesen peruncitan untuk sistem perpaipan gas asli, adakah pengguna akhir (contohnya: Hotel Kinta, Hospital Kinta) yang mendapatkan bekalan gas daripada Syarikat ABC perlu dilesenkan sebagai PGL?

Terms and Conditions Untuk Memohon Lesen

Lesen Peruncitan

- The applicant is a company which is incorporated under the Companies Act 1965;
- The management team must possess, individually, at least 5 years of working experience in the Malaysian gas market;

Lesen Gas Persendirian

- The applicant is a company which is incorporated under the Companies Act 1965 or business registered under the Business Registration Act 1956 or a public entity recognized by the Commission;
- The applicant must provide a copy of Approval to Operate (ATO)

BE ENERGY SMART

Keep away from danger and avoid wastage with the following practices:

Be Energy smart
www.st.gov.my

- Switch off all electrical and gas appliances when not in use
- Do not overload the electrical socket with too many electrical appliances
- Use electrical appliances that has a safety ST-SIRIM label and energy efficiency label
- Press the 'T' button on the automatic circuit breaker once a month to make sure it works properly

Terms and Conditions Untuk Memohon Lesen

2.3. The specific requirements to be fulfilled by each Applicant are as follows:

- (a) for import into regasification terminal licence:
 - (i) the Applicant is a company which is either incorporated under the Companies Act 1965 or registered pursuant to Section 332 of the Companies Act 1965.
 - (ii) the Applicant has an issued and paid-up capital of at least RM1 million (or equivalent in other currencies).
 - (iii) the Applicant must submit such other information/documents as may be requested by the Commission.
- (b) for shipping licence:
 - (i) the Applicant is a company which is incorporated under the Companies Act 1965.
 - (ii) the Applicant has an issued and paid-up capital of at least RM5 million.
 - (iii) the Applicant must submit the following information/documents:

Syarat-Syarat Lesen (Lesen Gas Persendirian)

PRIVATE GAS LICENCE

1. The Commission, in exercise of the powers conferred by section 11B of the Gas Supply Act 1993 [Act 501] (hereinafter referred to as “the Act”) and of all other powers exercisable by it for that purpose, hereby grants to, a company incorporated under the Companies Act 2016 [Act 777], having its registered address at and its business address at (hereinafter referred to as “the Licensee”), a private gas licence (hereinafter referred to as “the Licence”) for a period specified in paragraph 2, subject to the provisions and the conditions as set out herein below (hereinafter referred to as “the conditions”), the Act and to any Regulations made or which may be made under the Act to carry out the activity of use of gas through a piping system for the following requirements:
- a. Class of installation :
 - b. Capacity of gas supplied :
 - c. Type of gas :

Syarat-Syarat Lesen (Lesen Gas Persendirian)

2. The Licensee shall keep and maintain proper records of all installations for the inspection of the Commission.
3. The Licensee shall continue to comply with all the conditions of the Approval to Install and/or Approval to Operate issued in relation to the Licensee's piping system and installations.
4. The Licensee shall, in the general conduct of its authorised business, comply with the policies of the Government.
5. The Licensee shall at all times adhere to and comply with all gas safety management systems including carrying out and observing all the terms of a permit to work for high risk works.
6. The grant of this Licence does not remove any need by the Licensee to comply with any provision of any other written law or to obtain any other approval, consent, permit, licence or any other requirement that is required under any other written law for the time being in force.

Syarat-Syarat Lesen (Lesen Peruncitan)

PART III

CONDITIONS OF LICENCE

CONDITION 1:

AREA OF SUPPLY

The Licensee shall only conduct retail activities in the following area of supply:

..... (insert address of premises)

CONDITION 2:

SECURITY, INTEGRITY AND SAFETY OF THE PIPING SYSTEM

The Licensee shall ensure that, in utilising gas for the authorised business in the area of supply, all reasonable measures are taken to protect and safeguard the security, integrity and safety of the Licensee's piping system, and in particular, that appropriate measures are taken to prevent damage to the piping system.

Syarat-Syarat Lesen (Lesen Peruncitan)

CONDITION 3:

MAINTENANCE OF RECORDS

1. The Licensee shall keep and maintain proper records of all installations for the inspection of the Commission.
2. The records shall, at a minimum, consist of the following:
 - (a) details of the location of the installation(s);
 - (b) details of the latest drawing of the system;
 - (c) name and address of the owner of the premises;
 - (d) name and address of the occupier of the premises;
 - (e) name and contact details of the person to be contacted in cases of emergency;
 - (f) a copy of the gas supply agreement between the Licensee and its gas supplier(s);
 - (g) a copy of the Approval to Install for each installation;
 - (h) a copy of the Approval to Operate for each installation;
 - (i) a copy of the maintenance records for each installation;
 - (j) details of all breakdowns and accidents occurring or related to the piping system, including all report prepared in respect thereof; and
 - (k) any other records as may be required by the Commission from time to time.

Syarat-Syarat Lesen (Lesen Peruncitan)

CONDITION 4:

TARIFF AND CHARGES

1. The Licensee shall submit the following information to the Commission on a quarterly basis beginning from the commencement date:
 - (a) its costs of procuring gas for each month during such period;
 - (b) its selling price of gas on a monthly basis;
 - (c) other charges that it imposes on the consumers;for each month during such quarterly period.
2. The Licensee shall also submit any other information relating to tariffs and charges as requested by the Commission from time to time.

CONDITION 5:

CONTINUED COMPLIANCE WITH TERMS AND CONDITIONS

1. This Licence is granted to the Licensee after the Licensee has satisfied all the terms and conditions set by the Commission when applying for the Licence.
2. The Licensee shall maintain the satisfaction of such terms and conditions during the period of this Licence.

Syarat-Syarat Lesen (Lesen Peruncitan)

CONDITION 6:

OBLIGATION TO COMPLY WITH GOVERNMENT POLICY

The Licensee shall, in the general conduct of its authorised business, comply with the policies of the Government including but limited to the promotion of competition in the gas supply industry.

CONDITION 7:

RIGHT OF ENTRY

The Commission, or any other person duly authorised by the Commission shall be entitled to enter any premises or lands in or upon which the Licensee's piping system is installed or in the course of being installed to carry out inspections, checks and survey of the piping system and records kept by the Licensee pertaining to it, to ensure compliance with these Conditions.

Syarat-Syarat Lesen (Lesen Peruncitan)

CONDITION 8:

INSURANCE

The Licensee shall, throughout the period of this Licence, reasonably insure or keep insured the risks associated with its authorised business and to pay premiums necessary for that purpose and whenever required by Commission, to produce on demand a true copy of the policy of insurance and requisite evidence of payment of the premiums and other fees and duties for the said policy.

CONDITION 9:

NO RIGHT OF EXTENSION

Nothing in this License shall be deemed to entitle the Licensee, as of right to an extension of the period of this License or to renewal thereof.

Syarat-Syarat Lesen (Lesen Peruncitan)

CONDITION 10:

THE LICENCE IS NON TRANSFERABLE, NON-ASSIGNABLE ETC.

This Licensee shall not assign, transfer, sublet or otherwise dispose of its right, duties, liabilities, obligations and privileges or part thereof under the terms and conditions of this License except without the approval of the Commission.

CONDITION 11:

REVIEW OF LICENCE

The Commission may add to, vary or revoke any terms or conditions in this Licence whenever it appears necessary or expedient for the purpose of meeting the technical, safety and efficiency requirements applied generally to the gas supply industry in Malaysia.

Syarat-Syarat Lesen (Lesen Peruncitan)

CONDITION 12:

CHANGES IN LAW

If new laws or any amendment to the Act or the Regulations are enacted, to the extent that necessitate redefining, reorganisation or changes to the business activities of the Licensee specified in the Licence, or changes to the structure of the gas supply industry, the Licence may be reviewed, amended, modified or reissued to reflect such redefining, reorganisation or changes.

CONDITION 13:

COMPLIANCE WITH WRITTEN LAWS

1. The Licensee shall ensure that it complies at all times with all written laws of Malaysia.
2. The breach of any written laws, including any provisions of the Act, Regulations, codes, guidelines or directions, shall be deemed to be breach of the terms and conditions of this Licence.
3. The Licensee shall apply for and obtain all necessary licence, permit, approval or any other requirements under other applicable laws for carrying out its licensed activities, properly and in timely manner and shall diligently pursue all such applications.

Syarat-Syarat Lesen (Lesen Peruncitan)

CONDITION 14:

REQUEST FOR TERMINATION OF LICENCE BY LICENSEE

1. Any request for the termination of this Licence by the Licensee is subject to the approval of the Commission. The Licensee shall continue to be bound by the terms and conditions of this Licence until such time as the Commission notifies the Licensee in writing of such approval. The Licensee shall not be released from any obligation under the Licence or after such termination unless approved in writing by the Commission.
2. Where this Licence is terminated pursuant to paragraph 1, the Licensee shall not be entitled to any payment of compensation whatsoever from the Government or the Commission for any loss or damage that may have occurred, incurred or suffered by him.

Syarat-Syarat Lesen (Lesen Peruncitan)

PART IV

SUSPENSION AND REVOCATION OF LICENCE

1. SUSPENSION OF LICENCE

- (a) The Commission may, upon service of written notice to the Licensee, suspend this Licence upon the occurrence of the following events:
 - (i) If the Licensee has failed to comply with or is in breach of any Conditions; or
 - (ii) If the Licensee has failed to comply with any directive or order or notice given in writing pursuant to the Conditions by the Commission.
- (b) The period of any suspension imposed shall be determined by the Commission, provided always that where the suspension is as a result of the breach of any Conditions, the suspension shall cease as soon as the breach has been remedied by the Licensee and the Commission shall certify the same.

Fi (Lesen Peruncitan dan Lesen Gas Persendirian)

Class of Installation / Fees	Retail Licence	Private Gas Licence
	RM per year	
Class I Installation	600.00	300.00
Class II Installation	400.00	200.00
Class III Installation	200.00	100.00

Criteria of Classification

Class of Installation	Natural Gas	Liquefied Petroleum Gas
Class I	Installation with maximum operating pressure exceeding 60 psig	Installation with bulk storage exceeding 10 kl aggregate water capacity; and pipeline with maximum operating pressure exceeding 20 psig after first stage regulator
Class II	Installation with maximum operating pressure exceeding 5 psig but not exceeding 60 psig	Installation with aboveground bulk storage not exceeding 10 kl aggregate water capacity; or Installation with manifolded cylinders exceeding 2.5 kl aggregate water capacity (vapour withdrawal or liquid withdrawal with vaporiser); and pipeline with maximum operating pressure exceeding 5 psig but not exceeding 20 psig after first stage regulator
Class III	Installation with maximum operating pressure not exceeding 5 psig	Installation with manifolded cylinders not exceeding 2.5 kl aggregate water capacity (vapour withdrawal only); and pipeline with maximum operating pressure not exceeding 5 psig after first stage regulator
