Foreword (Kata Aluan Pengerusi)

Terlebih dahulu pada kesempatan ini saya ingin mengucapkan tahniah kepada penganjur dan agensi-agensi yang terlibat menjayakan Persidangan Keselamatan Elektrik Peringkat Kebangsaan 2011, bersempena dengan Ulang Tahun Suruhanjaya Tenaga ke 10.

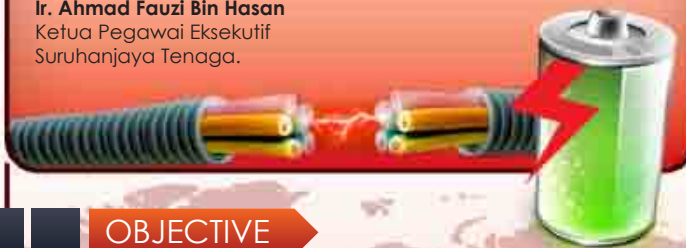

Isu keselamatan elektrik sejak kebelakangan ini sangat mendapat perhatian umum berikutan beberapa kes kemalangan elektrik yang berlaku yang melibatkan kehilangan jiwa. Berikutan dengan itu adalah wajar isu keselamatan elektrik ini ditangani bersama oleh semua pihak yang terlibat dalam industri ini.

Buat julung kalinya Program Persidangan Keselamatan Elektrik Peringkat Kebangsaan ini diadakan bagi membincangkan isu-isu keselamatan elektrik di samping mempertingkatkan amalan keselamatan elektrik dan juga membina jaringan kerjasama antara jabatan-jabatan kerajaan, agensi-agensi, juruperunding, kontraktor-kontraktor elektrik, persatuan-persatuan yang berkaitan dengan industri tenaga, institusi-institusi latihan, pengilang dan pengimport dan juga individu-individu yang terlibat dalam industri tenaga.

Oleh yang demikian saya berharap agar program ini dapat mencapai matlamat dan perkongsian berguna kepada semua pihak.

Akhir kata saya mengucapkan terima kasih kepada semua pembentang kertas kerja, semua peserta persidangan dan semua pihak yang terlibat menjayakan program Persidangan Keselamatan Elektrik Peringkat Kebangsaan 2011 ini
