1. OBJECTIVES

This Guide is developed by the Commission with the following objectives:

- (a) to set out the process and procedure for—
 - (i) the registration of energy manager;
 - (ii) the renewal of practising certificate of registered energy manager; and
 - (iii) the cancellation of certificate of registration of energy manager; and
- (b) to specify the requirements for continuous development programmes for the purpose of renewal of practising certificate.

2. SCOPE

This Guide applies to any person who applies to become a Registered Energy Manager under the Energy Efficiency and Conservation Act 2024 [Act 861].

3. INTERPRETATION

3.1. In this Guide, the following terms shall bear the following meanings:

“Act”	means the Energy Efficiency and Conservation Act 2024 [Act 861];
“Commission”	has the meaning assigned to it under the Energy Efficiency and Conservation Act 2024 [Act 861];
“CDP”	means Continuous Development Programs;
“Regulations”	means the Energy Efficiency and Conservation Regulations [P.U.(A)466/2024];
“REM”	means the registered energy manager;
“REM First Type”	means the first type registered energy manager;
“REM Second Type”	means the second type registered energy manager;
“RTI”	means the registered training institution.

3.2. Subject to paragraph 3.1 and unless expressly indicated to the contrary or unless the context otherwise requires, terms adopted and used in this Guide shall bear the same meaning as they are defined in the Act.

4. REGISTRATION OF ENERGY MANAGER

4.1. Pursuant to section 27 of the Act, an application for registration of energy manager shall be made to the Commission.

4.2. The application shall be accompanied by—

(a) a prescribed fee in accordance with subsection 27(2) of the Act and regulation 16 of the Regulations; and

(b) any information, particulars, or documents as may be required by the Commission in accordance with the Appendices.

4.3. REM under the Act shall consist of two (2) types as follows:

(a) REM First Type; and

(b) REM Second Type.

4.4. Requirement to become REM First Type

The requirements to become a REM First Type are as follows:

(a) holds a degree in science, engineering, technology or architecture from a college, institution or university recognized by the Commission and has at least two years of working experience;

(b) holds a diploma in science, engineering, technology or architecture from a college, institution or university recognized by the Commission and has at least ten years of working experience;

- (c) is registered under the Registration of Engineers Act 1967 [Act 138] as—
 - (i) a Graduate Engineer or Engineering Technologist with at least two years of working experience;
 - (ii) an Inspector of Works with at least ten years of working experience; or
 - (iii) a Professional Engineer;

- (d) is registered under the Technologists and Technicians Act 2015 [Act 768] as—
 - (i) a Graduate Technologist with at least two years of working experience;
 - (ii) a Qualified Technician who holds at least a diploma with at least ten years of working experience; or
 - (iii) a Professional Technologist; or

- (e) is registered under the Architects Act 1967 [Act 117] as—
 - (i) a Graduate Architects with at least two years of working experience;
 - (ii) an Inspector of Works with at least ten years of working experience; or
 - (iii) a Professional Architect; and

- (f) a Malaysian citizen;

- (g) demonstrates knowledge of the requirements of the Act and Regulations that satisfies the Commission; and

- (h) has not been convicted of an offence involving fraud, dishonesty, or corruption.

4.5. The training requirement shall be as follows:

- (a) the applicant shall successfully complete REM First Type training before applying for REM Second Type training; and
- (b) the training certificate for REM First Type shall be valid for only five (5) years from the date of the training completed.

4.6. The requirements for mandatory training in accordance with the qualifications referred to in paragraphs 4.4(a) and (b) are as follows:

Qualification prescribed under the Regulations	Requirements for mandatory training*
(a) holds a degree in science, engineering, technology or architecture from a college, institution or university recognized by the Commission and has at least two years of working experience; or	Yes
(b) holds a diploma in science, engineering, technology or architecture from a college, institution or university recognized by the Commission and has at least ten years of working experience; or	Yes
(c) registered under the Registration of Engineers Act 1967 [Act 138] as—	
(i) a Graduate Engineer or Engineering Technologist with at least two years of working experience;	Yes
(ii) an Inspector of Works with at least ten years of working experience; or	Yes

Qualification prescribed under the Regulations	Requirements for mandatory training*
(iii) a Professional Engineer;	Optional**
(d) registered under the Technologists and Technicians Act 2015 [Act 768] as — (i) a Graduate Technologist with at least two years of working experience; (ii) a Qualified Technician who holds at least a diploma with at least ten years of working experience; or (iii) a Professional Technologist;	Yes Yes Yes
(e) registered under the Architects Act 1967 [Act 117] as— (i) a Graduate Architects with at least two years of working experience; (ii) an Inspector of Works with at least ten years of working experience; or (iii) a Professional Architect.	Yes Yes Yes

Note:

** means completed REM First Type training course and assessment under RTI.*

***applicable for Professional Engineer who only need to complete the assessment under the Commission or RTI.*

4.7. The words “recognized by the Commission” referred to in paragraphs 4.4(a) and (b) means any degree or diploma which is equivalent to the degree or diploma in science, engineering, technology or architecture accredited or recognized by an institution such as:

(a) the Malaysian Qualifications Agency (MQA);

(b) Jabatan Perkhidmatan Awam (JPA); and

(c) Majlis Amanah Rakyat (MARA).

4.8 The term “working experience” referred to in paragraphs 4.4 and 4.6 means any working experience gained by a person after obtaining a diploma or degree or after being registered under the relevant Act, and such experience shall be relevant to the registration or the diploma or degree obtained.

4.8. Method to apply for REM First Type are as follows:

Figure 4.1: Application Process of REM First Type

PROCESS	DESCRIPTION
SUBMISSION	
Applicant submit application	1. Applicant to submit to the Commission the application form as per Appendix A.
Applicant pay application fee	2. Applicant to pay the application fee for registration of energy manager under subsection 27(2) of the Act amounting to RM 30.00.
REVIEW	
Review by Commission	<p>3. Upon receiving the complete application together with the application fee, the Commission shall start to review the application.</p> <p>4. During review, the Commission may decide whether the application is complete or incomplete.</p> <p>5. If the application is complete, the Commission shall send the approval notice to the applicant.</p> <p>6. If the application is incomplete, the Commission may requests the applicant by way of notice to provide additional supporting documents within fourteen (14) days from the date of the notice. Failure to do so may result in the Commission declining the application without further notice and without affecting the right of the applicant to make a fresh application.</p> <p>7. If the Commission decides that the applicant does not fulfill the requirement of the Act, the application shall be declined.</p>
INTERVIEW SESSION (IF REQUIRED)	
Interview session	8. The Commission may require the applicant to attend an interview session conducted by the Commission to assess his qualification by giving two weeks' notice to the applicant.

	<p>9. The applicant is required to prepare the original supporting document to the interview session with the Commission.</p> <p>10. The interview may consist of—</p> <p style="padding-left: 40px;">(a) objective or subjective examination; and</p> <p style="padding-left: 40px;">(b) face-to-face interview with the Commission.</p> <p>11. If the applicant failed to attend two (2) interview sessions as required by the Commission, the application shall be rejected without further notice and without affecting the right of the applicant to make a fresh application.</p>
Review by Commission	<p>12. Following the interview session, the Commission shall review and determine whether the applicant has passed or failed the interview session.</p> <p>13. If the Commission determine that the applicant does not fulfill the requirement of the Act, the application shall be declined.</p>
ISSUANCE	
Commission send the approval notice	<p>14. The Commission shall inform the applicant by way of notice on the approval of the application together with the detail of fees required to be paid by the applicant as follows:</p> <p style="padding-left: 40px;">(a) the issuance of certificate of registration of energy manager under paragraph 27(3)(a) of the Act – RM100.00;</p> <p style="padding-left: 40px;">(b) the application for practising certificate of registered energy manager under subsection 28(2) of the Act – RM30.00; and</p>

	<p>(c) the issuance of practising certificate of registered energy manager under paragraph 28(3)(a) of the Act – RM100.00.</p> <p>15. The applicant is given fourteen (14) days from the date of the notice to pay all the required fees. Failure to do so may result in the application being rejected. There shall be no refund on any payment made by the applicant.</p>
Certificate issued	<p>16. Upon receiving the payment of fee, the Commission shall register the applicant and issue—</p> <p>(a) the Certificate of Registration as REM First Type as per Appendix 1; and</p> <p>(b) the Practising Certificate of REM First Type as per Appendix 2.</p> <p>17. The practising certificate shall be valid for a year starting from the date of issuance of the certificate.</p>

4.9. Requirements for REM Second Type

The requirements to become a REM Second Type are as follows:

- (a) he has been a Registered Energy Manager First Type for a period of not less than one year and holds a valid practising certificate;
- (b) he demonstrates knowledge of the requirements of the Act and Regulations that satisfies the Commission; and
- (c) he successfully completed REM Second Type training course and assessment recognized by the Commission;

4.10. The training requirement referred to in paragraph 4.9(c) are as follows:

- (a) the applicant shall successfully complete REM First Type training before completing REM Second Type training; and
- (b) the training certificate for REM Second Type shall be valid for only five (5) years from the date of the training completed.

4.11. Method to apply for REM Second Type are as follows:

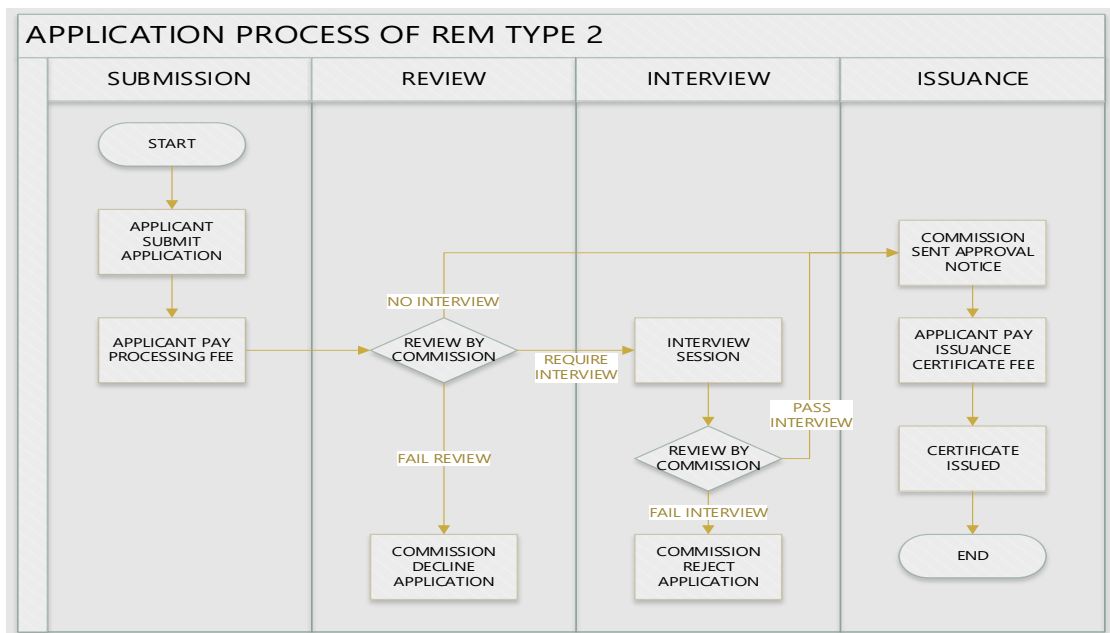

Figure 4.2 Application Process of REM Second Type

PROCESS	DESCRIPTION
SUBMISSION	
Applicant submit application	1. Applicant to submit to the Commission the application form as per Appendix B.
Applicant pay application fee	2. Applicant to pay the application fee for registration of an energy manager under subsection 27(2) of the Act amounting to RM30.00.
REVIEW	
Review by the Commission	<p>3. Upon receiving the complete application together with the application fee, the Commission shall start to review the application.</p> <p>4. During review, the Commission may decides whether the application is complete or incomplete.</p> <p>5. If the application is complete, the Commission shall send the approval notice to the applicant.</p> <p>6. If the application is incomplete, the Commission may by notice, request the applicant to provide additional supporting documents within fourteen (14) days from the date of the notice. Failure to do so may result in the Commission declining the application without further notice and without affecting the right of the applicant to make a fresh application.</p> <p>7. If the Commission decides that the applicant does not fulfill the requirement of the Act, the application be declined.</p>

Upon receiving the payment of fees, the Commission shall register the applicant and issue—</p> <p>(a) the Certificate Of Registration as REM Second Type as per Appendix 3; and</p> <p>(b) the Practising Certificate of REM Second Type as per Appendix 4.</p> <p>17. The practising certificate shall be valid for a year starting from the date of issuance of the certificate.</p> <p>18. The Commission shall update the applicant’s status as “INACTIVE” in the register and the applicant’s certificate as follows:</p> <p>(a) certificate of registration as registered energy manager First Type; and</p> <p>(b) practising certificate of registration as registered energy manager First Type.</p>

5. RENEWAL OF PRACTISING CERTIFICATE

5.1 Subsection 25(1) of the Act required that the energy manager shall hold a valid practising certificate to carry out any functions or duties under the Act.

5.2 Method to renew practising certificate for REM is as follow:

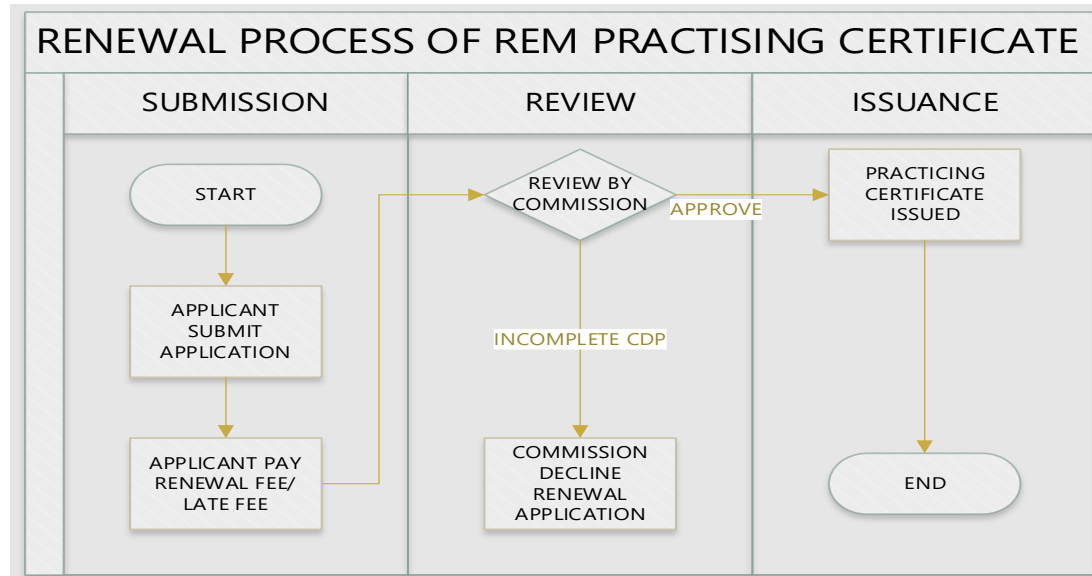

Figure 5.1 : Renewal Process of REM Practising Certificate

PROCESS	DESCRIPTION
SUBMISSION	
Applicant submit application	1. The applicant to submit to the Commission the application form as per Appendix C.
Applicant pay renewal fee/late fee	2. Application fee for renewal of practising certificate of registered energy manager under subsection 29(3) of the Act amounting to RM30.00 and the late fee for the renewal of practising certificate of registered energy manager under subsection 29(2) of the Act amounting to RM100.00 if applicable.
REVIEW	
Review by Commission	3. Upon receiving the complete application together with processing fee, the Commission shall review the application.

	<ol style="list-style-type: none"> 4. During review, the Commission may decide whether the submission is complete or incomplete. 5. If the application is complete, the Commission shall send the approval notice to the applicant. 6. If the submission is incomplete, the Commission may request the applicant by way of notice to provide additional supporting documents within fourteen (14) days from the date of the notice. Failure to do so may result in the Commission declining the application without further notice and without affecting the right of the applicant to make a fresh application. 7. If the Commission decides that the applicant does not fulfill the requirement of the Act, the application shall be declined. 8. The terms and conditions for CDP are stated in paragraph 6 of this Guide.
ISSUANCE	
Practising certificate issued	<ol style="list-style-type: none"> 9. The Commission shall notify the applicant on the approval by way of notice and together with the detail of fees required to be paid by the applicant under paragraph 29(5)(a) of the Act – RM100.00 per year. 10. The applicant is given fourteen (14) days from the date of the notice to pay all the required fees. Failure to do so may result in the application being rejected. There shall be no refund on any payment made by the applicant. 11. The Commission shall update in the register and issue practising certificate as per approved duration of minimum one (1) year and maximum of three (3) year.

6. CONTINUOUS DEVELOPMENT PROGRAMS (CDP)

- 6.1 Any application for renewal of practising certificate shall be accompanied by any proof that the REM has attended sufficient CDP carried out by a registered training institution as required by the Commission under subsection 29(4) of the Act.
- 6.2 6.2 For a one (1) year renewal, a total of 16 CDP hours is required, with each CDP equivalent to one hour of learning.
- 6.3 CDP can be divided into four (4) types of training as follows:
- (a) physical class;
 - (b) online class;
 - (c) conference (with capability to track attendance); and/or
 - (d) self-learning or E-Learning (with capability to track attendance).
- 6.4 The participation in the CDP may be considered as—
- (a) a participant; or
 - (b) a trainer.
- 6.5 For a trainer, the applicant is limited to two (2) renewal cycle for same training topic.
- 6.6 CDP topic for REM Practising Certificate Renewal can be categorized into two (2) as follows:
- (a) Mandatory CDP Topic for CDP Exemption; and/or
 - (b) Optional CDP Topic for Yearly Renewal of Practising Certificate.
- 6.7 Mandatory CDP Topic for CDP Exemption
- 6.7.1 The REM may be exempted from submitting CDP for the renewal of practising certificate if they have completed mandatory CDP topic within stipulated time. Details of the topics are listed in Appendix 5.

6.7.2 If the REM has become REM Second Type without completing the mandatory CDP topic of REM First Type, they are required to complete the mandatory CDP topic of REM First Type and REM Second Type before becoming eligible for CDP exemption.

6.7.3 The Commission may from time to time, add mandatory topics for the REM to comply with. Upon any updates to Appendix 5, all REM, including those who have previously received an exemption are required to comply to the new requirements.

6.8 Optional CDP Topic for Yearly Renewal of Practising Certificate

6.8.1 REM who does not wish to apply for CDP exemption, may attend the recognized optional CDP topic by the Commission for the purpose of renewing their practising certificate.

6.8.2 Applicant shall ensure to have completed the required training hours before applying for renewal of practising certificate.

6.8.3 Example of training hours calculation are as follows:

Topic	TRAINING HOUR	YEAR OF RENEWAL ALLOWED
Scenario 1		
Topic A	8 hours	Up to 1 year only
Topic B	8 hours	
TOTAL	16 hours	
Scenario 2		
Topic C	16 hours	Up to 1 or 2 years only
Topic D	16 hours	*If renewed for 1 year, topic C will be used. Topic D will be carried forward.
TOTAL	32 hours	
Scenario 3		
Topic E	8 hours	Up to 1 year only
Topic F	10 hours	*Topic E and F will be used for 1 year renewal. Balance 2 hours cannot be carried forward.
TOTAL	18 hours	

Scenario 4		
Topic G	4 hours	Cannot renew practising certificate. Required to attend additional CDP courses.
Topic H	4 hours	
TOTAL	8 hours	

7. CANCELLATION OF CERTIFICATE OF REGISTRATION

7.1 The Commission may cancel the certificate of registration of a REM due to any circumstance as follows:

- (a) the REM has contravened any provision of the Act;
- (b) the REM has misused or cause to be misused the certificate of registration;
- (c) the REM has altered the certificate of registration;
- (d) the REM has obtained the certificate of registration by making or causing to be made, or by producing or causing to be produced, a false or fraudulent declaration, certificate, application, representation, or information, either in writing or otherwise; or
- (e) the REM has been convicted of an offence involving fraud, dishonesty, or corruption.

7.2 Upon the cancellation of the certificate of registration –

- (a) the certificate of registration and practising certificate shall cease to be valid;
- (b) the name and particulars of the energy manager is removed from the Register of the Commission; and
- (c) the energy manager is not allowed to submit a fresh application to be a REM under this Act.

7.3 Method for the cancellation of the certificate of registration of REM by the Commission are as follows:

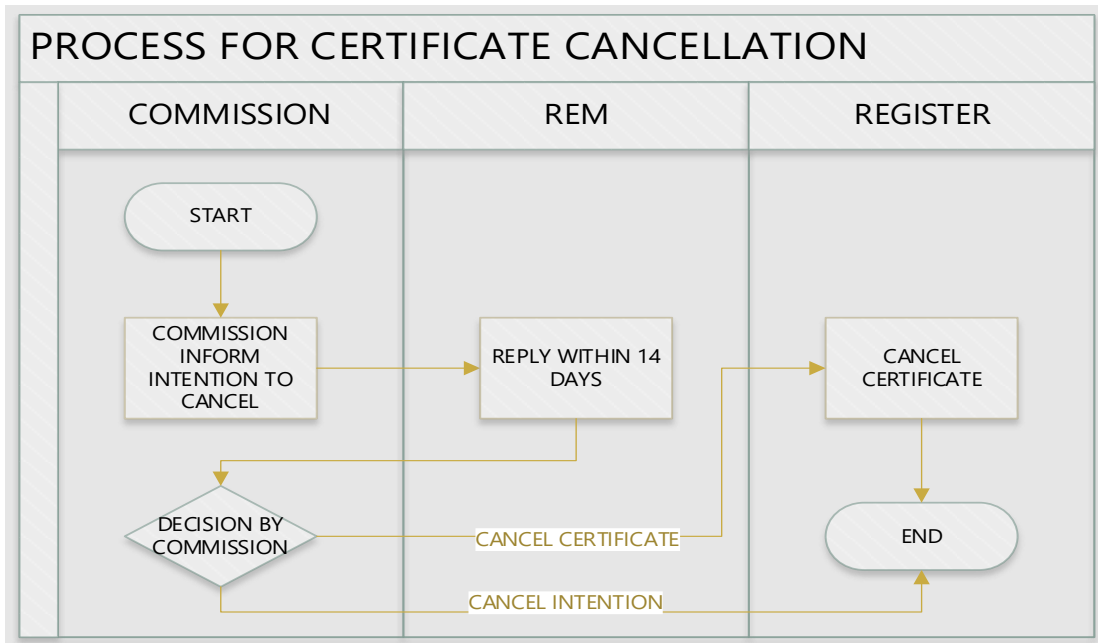

Figure 7.1 Process of Certificate Cancellation

PROCESS	DESCRIPTION
Commission inform intention to cancel certificate	1. If any circumstance specified under paragraph 7.1 occurs,, the Commission may inform the REM of the intention to cancel the certificate by way of notice.
REM reply within 14 days	2. REM who receives the notice are given 14 days to reply to the Commission. If reply is received, the Commission would consider that the REM has agreed with the Commission’s intention.

Decision by Commission	<p>3. The Commission shall review the reply submitted by the REM and decide accordingly.</p> <p>4. If the Commission decides to proceed with the cancellation, the Commission shall remove the REM's name from the register and issue a cancellation notice.</p> <p>5. If the Commission decides not to proceed with the cancellation, the Commission shall inform the decision to the REM accordingly.</p>
