

CRESS Application Process

1 Submission of CRESS Registration Form

- RED registers online at SB's website
- RED selects whether to join the '**CRESS**' or '**CRESS Acceleration Package***'
- RED submits completed registration form and supporting documents including BESC and LLA Term Sheet to SB and ST (softcopy).
- SB issues registration number to RED (eg: CRS2026XX).

2 Conditional Verification

- RED conducts PSS Stage 1 – Steady state analysis.
- Upon PSS1 approval by PSS Approval Committee, RED submits PSS1 approval and result to SB.
- SB issues **Conditional Verification Letter** to RED and notifies ST, GSO and Grid.

3 Final Verification

3 (a)

PSS Stage 2

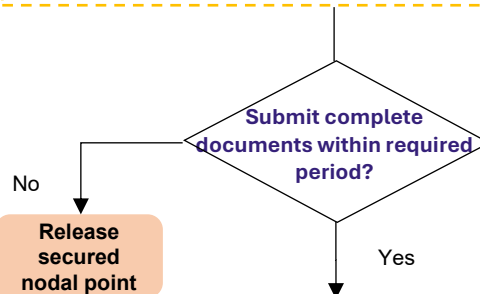

- RED conducts PSS2 – Dynamic and transient analysis.
- Upon PSS2 approval by PSS Approval Committee, RED submits PSS2 approval and result to SB.

3 (b)

Execution of BESC & LLA

- RED executes BESC and LLA.
- RED submits executed BESC and LLA to SB.

- RED submits items 3(a) and 3(b) within 3 months from issuance of Conditional Verification Letter.
- RED that **chooses to join the CRESS Acceleration Package*** have an additional period of up to **3 months** to update their respective BESC, incorporating the CRESS Acceleration Package requirements (if necessary).

SB issues **Final Verification Letter** to RED and notifies ST, GSO and Grid

4 Execution of CRESS Agreements

- RED executes NEDA CRESS Deed of Accession (DoA) with SB.
- RED executes Renewable Energy Supply Access Agreement (RE SAA) with TNB Grid.
- GC executes Corporate Renewable Energy Supply Agreement (CRESA) with TNB Retail.
- RED executes Back-feed Agreement with TNB Retail.
- RED and GC execute Billing and Collection Agreement (BCA) with TNB Retail (if applicable).

Plant & IF development

5 Application of NEDA Generation License

- 3 months to expected COD, Generator applies online with ST for NEDA Generation License (Public Installation).

6 Firm Participation Date

- Upon IOD, completion of COD testing and issuance of Commissioning Test Certificate (CTC) by ST, SB sends official letter to notify RED on the Firm Participation Date.
- RED may begin exporting energy under CRESS.

Note

RED – Renewable Energy Developer
GC – Green Consumer
IF – Interconnection Facility
PSS – Power System Study
BESC – Bilateral Energy Supply Contract
LLA – Land Lease Agreement
